

2025 Trash and Recycling Calendar

Trash
 Recycle/Trash
 Federal Holiday

Reminders

- Do not put your bins out earlier than Wednesday evening.
- Return your bins to your garage no later than Thursday evening.
- Bins must be 3 feet away from garage, and there must be 3 feet between bins.
- All trash and recycling must be inside your bin. Anything that is on the ground will not be collected.
- Any material that hampers the emptying of bins will result in your bins not being emptied.
- Collection day is Thursday, unless a holiday falls on Thursday. Friday will then be the collection day.
- Bins have an identification number on the back. Please note your bin numbers for your records (you may also want to take a picture of your bin numbers). Having a record of your bin numbers may assist with identification should they go missing.
